Tommy, Jim & John Mears have been writing and performing together since they were young boys growing up in Racine, Wisconsin. The brothers spent years lighting up crowds and dance floors across the US on tour with their stellar Country act. After winning some major song competitions and landing in Los Angeles, The Mears Brothers set their sights on Nashville. Once in the capital of all things Country, the boys honed their songwriting and recording chops. The MB's impressive catalog of heartfelt County ballads arousing Honky Tonk numbers have been featured in TV shows such as Young Sheldon, True Blood and Rocky Mountain Bounty Hunters. You can also hear MB's songs in films like "Cop Car", starring Kevin Bacon, and "Billy Lynn's Long Halftime Walk", starring Vin Diesel, Steve Martin & Chris Tucker.

Many of the first songs The Mears Brothers Dad (a songwriter in his own right) taught them to play were Irish and American folk songs and standards. Tommy, Jim & John are looking forward to dusting some of those classics off at Durwards Glen on July 11th.
